Coinline Auction Number 75 June 2008

Welcome to Coinline Auction Number 75.

Thank you to all bidders in Coinline 74. Once again quite a nice selection with I hope something for everyone. Included in this auction are

- * Selection of Australian Mint Product
- * World coins & Proofs
- * Nice lot of English including a Crown of 1847
- * Collection of Australian Commonwealth
- * Nice lot of PCGS graded material.

We have updated all computer software for Coinline as well as adding a few more phone lines. I still recommend you place important bids early.

The coin market remains quite strong considering higher interest rates & fuel prices. In particular Pre Decimal Proofs & high grade Commonwealth soaring in recent sales. There are many still undervalued coins out there & I think the best buys at the moment the Post 55 proofs of the Melbourne & Perth Mints. Numismatic Gold seems to be making a comeback with good prices on NGC graded coins in the recent Heritage sales. For example an 1887 S Sov NGC graded MS65 Realised \$11,000 US as well as a 1887M YH 1/2 Sov NGC AU 55 also realising 11,000. (I didn't get a bid at \$5000 on a similar coin a few Coinline's back).

Other news we will be opening a retail shop in Sydney sometime late June. If you are local please drop by. All items in future Coinline auctions will be available for viewing on site.

Our stock at the moment includes a 1914H Florin MS64, 1955 Perth penny proof pairs, 1956 Perth Penny proof as well as good selections of Canadian, British, Fiji & NZ. Please feel free to give me a call if there is something specific you require.

As usual I recommend you peruse the PCGS website with the Australian Population report well worth a look. There is no cost involved. Thousands of Australian coins now graded with the Centenary florin now roaring to the 100 mark. (I wish I hadn't sold the centenary in MS67).

If you have any questions regarding any lot's please give me a call.

Regards Chris Buesnell
