Coinline Auction Number 80 May 2008

Welcome to Coinline Auction Number 80,

Lots of new coins this time with plenty of Mint Product, GB & better Australian. We have included a nice selection of PCGS graded material. Once again I encourage you to visit the PCGS website.

At time of writing there are 121 registered Australian sets on the site. Most popular seems to be the post 1955 proof series with seven sets.

All the lots in this auction are available for viewing at our Sydney Shop. If you have a chance please drop by.

Of course any questions please give me a call on 9223 2646 during work hours.

Also happening in the last few months a revamp of our website. Just Google Pacific Rim Coins. The prices realised will be added the day after the auction.

If you are thinking of selling part or all of your collection please let me know. All areas are strong from junk to gems & we make competitive offers. If you do consign to auction remember you can haggle on all commission rates.

No one pays the full 15 % but if you don't haggle you will.

If there is something special you want let me know. We have a lot of material not listed in our Coinline format.

Good luck with bidding

Regards Chris Buesnell

Note Ends Wednesday 6th May !!!!
